KENTUCKY REPUBLICAN PLATFORM.
Adopted at Louisville, Aug. 10th, 1897.

Resolved, by the Republican party in Convention assembled—
First—That we reaffirm the principles of the Republican party as set forth in the platform adopted by it at St. Louis in 1896.
Second—That we endorse the Republican National and State Administration, and especially commend the action of our present state officials in their efforts to suppress mob violence and to preserve the financial credit of the state.
Third—We commend the action of the representatives of the Republican party in the passage of a Tariff Bill which will raise revenue sufficient to support the Government, prevent the issue of interest-bearing bonds, protect American labor and maintain the National credit.
Fourth—We are opposed to a system of Civil Service that builds up an official class with practically a life tenure in almost all branches of the public service, and we demand that the Civil Service Law be modified so as to limit the terms of service to four years, with the privilege of reappointment or promotion, subject to such restrictions as will secure competent officials and give to every section of the country its proper proportion of them.
Fifth—We heartily sympathize with the struggling people of Cuba in their efforts to secure liberty and independence.
Sixth—That we recommend to the people the adoption of the Constitutional amendment submitted by the last Legislature, allowing all cities and towns the privilege of regulating under legislative supervision the method of levying the taxes they impose on themselves for city and town expenses.
Seventh—We favor the passage of a law that will protect the laborers of Kentucky from the competition of convict labor, and, if necessary to accomplish said result, an amendment to the Constitution permitting such legislation.

"The best way to get rid of a bad law is to enforce it."—General Grant.

Therefore THE LEDGER favors the rigid enforcement of the Civil Service Law.

THE developments of the past few weeks regarding the price of silver have been something phenomenal. On August 4th an ounce of silver in the New York markets was worth 57 and one-tenth cents, and by September 1st had fallen to 57 and two-tenths cents. From that it advanced to 57 1/2 cents during the first half of the month of September, but at the end of the month was again down to 54 cents. This is extremely discouraging to theorists, who are attempting to induce the people to believe that the United States can alone adopt for money purposes the free and unlimited coinage of a metal which fluctuates to such an extent.

THAT important business barometer, the bank clearings of the country, continues to indicate clearly and certainly business prosperity. The total September clearings at seventy-eight cities are quoted by Bradstreet's as \$5,521,939,332, a gain of nearly fifteen per cent. over August, 1897, and fifty per cent. over September of last year. The total is only seven and a half per cent. smaller than that of the highest month on record, December, 1892.

ANOTHER fall in silver is recorded from the financial centers in this country and Europe. During the closing week in September the price of silver bars dropped from 57 1/2 cents per ounce to 54 cents, in New York. A money metal which would fluctuate three and a half per cent. in value in a single week can scarcely commend itself to the average voter as a safe one for adoption by a single Nation without, at least, the co-operation of other countries to sustain its value.

THE Populist party is rapidly abandoning the Free-silver proposition. The Topeka, Kas., "Advocate," a recognized official organ of the Populist party, in a recent editorial, says: "The principal difference between the orthodox Populist and the Republicans and Democrats on the money question consists in the fact that he believes paper money of the right sort is as good as gold or silver, and does not need to be redeemed in either metal. . . . He knows that the fiat or the law written on the coin (one dollar) is its commission and gives it its legal value, and he cares nothing about the value of bullion. . . . There is no more room in the bimetallic theory for the fiat idea than there is in the monometallic theory."

THE activity of the Gold Democrats in every state in which campaigns are in progress is attracting great attention throughout the country, and is the occasion of much comment. It is perfectly apparent that their strength has greatly developed as compared with last year, while on the other hand that of the Free-silver Democrats has been greatly reduced. Not only have the latter lost many of their own men, but they have also lost the support and co-operation of the Populists, who, in nearly every case, admit that the fusion of last year was a mistake, and that fusion in present or future years would be a still greater one. It is quite apparent that the Gold Democrats are heading rapidly toward the control again of the Democratic party.

SOME pestiferous Editors are now nagging Mr. BRYAN because he wears diamonds. The Council Bluffs Nonpareil, in a recent discussion of Mr. BRYAN's visit to that city, said: "In his shirt front sparkled a handsome diamond," and sundry Editors have been pecking away at Mr. BRYAN ever since because of that fact. But why should not Mr. BRYAN wear diamonds? He levied tribute on the villages at which he spoke during the campaign, wrote a book immediately afterwards, which he got widely advertised gratis, is in constant demand for newspaper articles for which publishers are willing to pay high prices, and now places a Tariff of \$1,500 apiece on his speeches, riding on free passes to deliver them. WILLIAM is "working" his Presidential candidacy from a financial standpoint with great success. Why, then, should the carping Editors find fault if he does wear diamonds?

Don't fail to place your "ad" in THE LEDGER if you want the most for your money.

Printers, like other people, have to eat—sometimes. That is, if they can get the material. But they can't get the material without money—unless someone gives it to them. Now, if you own this Printer, he will gladly accept a few country hams, a bushel or two of potatoes, or most any old thing that comes from the farm—and will give full credit at market prices. See?

THE EXPORTS

Of Domestic Merchandise in August the Largest on Record.

A Decrease of Imports of About \$10,000,000 Below 1896.

Annual Report of Commissioner of Navigation—Total Documented Tonnage of the United States 4,760,020 Tons—891 Vessels Constructed During 1897.

WASHINGTON, Oct. 8.—The bureau of statistics issued the tables showing the exports and imports for August, the first full month under the new tariff law. These figures show for that month the largest exports of domestic merchandise of any August in the history of the government. The exports were \$79,490,304, against \$66,889,981 for August, 1896. For the first eight months of the year the exports were \$61,810,000 in excess of the first eight months of 1896, so that the bureau officials believe that the exports this year will far exceed those of last year, which was itself a record-breaking year in the matter of exports.

The value of all imports, dutiable and free for August was \$39,848,312, of which \$18,639,067 were free. These figures show a decrease of about \$10,000,000 below those of 1896. The decrease was due to a heavy reduction in the importation of raw wool, which decreased from 4,651,000 pounds in August last year to 2,877,877 pounds last August, manufactured wool from \$3,700,000 to \$639,000, wood and manufactures thereof from \$1,063,600 to \$1,271,000, manufactures of cotton from \$2,333,000 to \$1,633,000, manufactures of jute, flax, hemp, etc., from \$2,321,000 to \$999,389, iron and steel from \$1,766,067 to \$887,344, and sugars from \$5,340,000 to \$2,950,000.

The following table shows the balance of trade with the several continents:

	Exports to	Imports from
Europe	\$60,515,000	\$23,175,000
North America	11,500,000	4,971,000
South America	2,635,000	6,712,000
Asia	3,042,000	4,911,000
Oceania	1,830,000	2,844,000
Africa	1,291,000	203,000

WASHINGTON, Oct. 8.—The annual report of Mr. Chamberlain, the commissioner of navigation, which has just been submitted to the secretary of the treasury, shows that the total documented tonnage of the United States on June 30, 1897, 4,760,020 tons, is the largest for 21 years, except 1893, when it was 4,825,071 tons. Our largest documented tonnage was 5,530,312 tons on July 30, 1861. Considering the speed and number of trips of steam vessels compared with sailing vessels our merchant fleet has never before been so efficient as this year.

The total construction for the year, 891 vessels of 232,273 gross tons, is the largest annual output since 1891.

The square-rigged sailing vessel has virtually ceased to be a product of American ship yards. The great lakes region, for the first time in our history, has built more tonnage than all the rest of the country, 120 vessels of 116,937 tons, compared with 771 vessels of only 115,296 tons.

During the past decade steam tonnage has increased 516,000 tons, of which increase 300,000 tons belong to the great lakes system.

The American tonnage sold to foreigners amounted to 8,243 tons, the smallest amount since 1844. During the past four years 83,828 tons of foreign built vessels have been admitted to American registry, compared with 64,778 tons for the previous four years.

The tonnage registered for foreign trade amounted to 792,845 gross tons, the lowest since 1841.

The whale fisheries employ 13,714 tons, compared with the maximum, 193,594 tons in 1858. About 10,000 men are employed in deep sea fisheries, of whom 6,500 are citizens of the United States.

WASHINGTON, Oct. 8.—Surgeon General Sternberg has made his annual report to the secretary of war. He says: "Great improvement has been made during the past few years in the hospital accommodations at many of our military posts. At the present time new hospitals are in progress of construction at six posts."

Concerning the examination of recruits for enlistment the report says that "14,659 were examined and 8,654 were accepted. The ratio of accepted men per thousand of those examined is considerably larger than the ratio of previous years. This must be regarded as meaning that better men physically are coming up as candidates for examination for enlistment. The rejections among the colored men were relatively somewhat more numerous than among the white candidates for enlistment, 379.00 as compared with 871.04 per thousand respectively. The report contains some interesting anthropometric data showing that, although the foreign born recruit has the advantage over the native white in weight and chest measurement, the latter is taller by half an inch."

The health of the army has been excellent during the year. Gen. Sternberg makes a special point of the improvement that has taken place in the sanitary condition of the colored troops. He says that the department of California has the best and the department of Texas the worst records of the year. There has been an improvement in the sanitary condition of the military posts.

Weyler Will Be Recalled.
MADRID, Oct. 8.—It is semi-officially announced Thursday that Capt.-Gen. Weyler will be recalled from Cuba this month, and that it is probable the Cortes will be dissolved in December, and a new parliament convoked in March.

President Will Vote in Ohio.
NEW YORK, Oct. 8.—President McKinley has determined to exercise his right as a private citizen by voting in Ohio November 2. He will go to Canton and deposit a straight republican ticket.

CONDENSED NEWS

Gathered From All Parts of the Country by Telegraph.

Jose Silviro Jorin, formerly Cuban senator, is dead at his home in New York city, of pneumonia, aged 81 years.

The controller of the currency has called for the condition of the national banks at the close of business October 5.

Thursday's statement of the condition of the treasury shows: Available cash balance, \$213,218,121; gold reserve, \$148,797,870.

A dispatch received at Vienna from Tokio, Japan, says that it is reported there that the king of Corea has proclaimed himself emperor of Corea.

The charge of Lese Majeste brought against the Frankfurter Zeitung for criticizing the alleged erratic course of Emperor William, has been dismissed.

A retiring board, of which Brig. Gen. Shafter is president, has been ordered to meet at San Francisco to examine officers who may be ordered before it.

Hon. Lemuel Ammerman, of Scranton, Pa., capitalist and ex-congressman, died suddenly of heart disease Thursday afternoon at Blossburg, Tioga county.

E. C. Stanton, former manager of the Metropolitan Opera house, New York, has been declared a bankrupt in London, with liabilities amounting to £283 and no assets.

A dispatch to the London Daily Mail from Cape Town says that Dr. Jameson, the leader of the Transvaal raid, will seek a seat in the Cape assembly at the next general election.

The president Thursday appointed the following consuls of the United States: Rufus Fleming, Ohio, at Edinburgh; Scotland; Samuel A. MacAllister, Delaware, at Barbadoes, West Indies.

Joe Goddard, the Australian heavy weight, who is matched to box Tom Sharkey at San Francisco next month, arrived in New York Thursday morning from England on the steamer Canada.

The sum of £100,000 in American Eagles was withdrawn from the Bank of England Thursday for shipment to the United States. It is for the Bank of British North America and goes on the John.

The national council, by a vote of 98 to 29, has adopted a bill providing for the purchase of the five principal railroads of Switzerland, at a cost approaching a milliard of francs (one billion francs, or \$200,000,000) for which purchase a loan is projected.

Commissioner of Pensions Evans has issued the following order: "Hereafter no attorney shall be permitted to examine the reports of examining surgeons in any pension claim except upon the personal order of the commissioner or of one of the deputy commissioners of this bureau."

The Chicago horse show of 1897, which will be held November 1 to 10 inclusive, promises to be by far the most successful one yet held. Thursday it was announced that over 400 entries, including the names of many of the most celebrated horses in the United States, have been received.

"Jimmie" Michael, the little Welsh wheelman, on the Willow Grove track, Philadelphia, Thursday, chopped 2-15 seconds from the best American record for one mile paced. The record was 1:38-1-5, made by Eddie McDuffie, of Boston, about six weeks ago on the St. Charles track at Boston. Michael's time Thursday was 1:36.

At Santa Fe, N. M., the United States court of private land claims has adjourned to meet again at Tucson, Ariz., January 10, and at Santa Fe, January 25. The Cienquilla tract, involving 45,000 acres, 12 miles west of Santa Fe was confirmed. The Velasco de Lobato grant, a claim in Rio Arriba county for 114,000 acres, much of it valuable mineral land, was rejected by the court.

Miss Cisneros Escapes.

HAVANA, Oct. 8.—The beautiful young Cuban patriot, Senorita Evangelina Cossio Y Cisneros, the heroine of the sensational adventure with the Spanish governor of the Isle of Pines, has escaped from the Casa de Recogidas (house of scrapings), where she had been confined for several months on a charge of conspiracy against the crown of Spain and of an attempt upon the life of Gov. Bera, governor of the Isle of Pines.

Forecast for Friday.
